Get a group or just
yourself

When you are ready to
book your conference
let us know and we will
book as a group to
receive up to \$100 off
the conference fee.(5 or
more)

AN AMERICAN JOURNEY

- Our party will meet up at the Sheraton in Dallas on the afternoon of the 23rd of February, welcome drinks and meal.
- The 24th is the first day for the conference
- On the 25th we have another day of information sharing and networking.
- The 26th sees the group having a free day in Dallas, visit the infamous School Book Depository and Grassy Knoll, the Fort Worth Stockyards National Historic district, an evening in Billy Bob's Texas, 3 acres of honky tonk bars and bull riding arena or take in an Ice Hockey game (Dallas Star v Vancouver Canucks).
- The 27th of February sees the group travel to Baltimore to participate in a ride-along or a special two and one day educational course prior to the conference starting.

You will hear and learn about the most cutting edge information on clinical care and EMS issues. <http://www.emstoday.com/>

- Developing and Managing Emergency Medical Service Field Training and Evaluation Program
- Ultrasound in the Field: Hands-On Workshop
- Advanced Airway: Lecture and Cadaver Lab

A small sample of what is available to you when you attend with us.

<http://www.emstoday.com/Education/Sessions/>

For the first time EMS Today is also co-located with the International conference on Disaster and Terrorism Preparedness. A great opportunity to hear from the leaders in this field.

<http://www.emstoday.com/IDTPC/>

As a special treat the keynote speaker at EMS Today is *Randolph Mantooth aka Johnny Cage from Emergency!*
