AN AMERICAN JOURNEY

Travel to Dallas Texas, the Lone Star State, arriving on the 23rd of February to be present when the EMS Medical Directors for the United States 20 - 25 largest cities meet for two days on the 24th and 25th of February. The FBI and the U.S. Secret Service will also be presenting at the conference. In essence, this small cadre of leading emergency specialists not only oversee the medical aspects and early resuscitative care in the nations most populous cities, but most of them are also responsible for much of the medical aspects of homeland security in these high-risk venues in which nearly 50 million Americans dwell and make their livelihood and **we intend to be there with you..**

You will hear and learn about the most cutting edge information on EMS research, management issues, lessons learned and newly-proposed advanced patient care techniques .
